About the Book:

The best things in life are the least expected.

Twenty-three-year-old Karlie has few friends, no boyfriend, and no plans to graduate from college anytime in the immediate future. She spends her free time hanging out with her elderly next door neighbor, daydreaming but never doing anything to escape the endless cycle of predictability. When Karlie's world is invaded by two surly twins bound for criminal court, a too-good-to-be-true love interest, and a cute cop who keeps showing up at the most inopportune moments, Karlie can either fight against the changes in her life, or embrace them.

Reviews:

“This book hooked me from the very first page. I loved every single character....even busy body Mrs. Carroll. Karlie was such a great protagonist. It was so refreshing to see her growth throughout the story. She was loyal, caring and most of all stronger than she ever thought she could be when faced with adversity. Being a mom of twin teenage boys, my heart went out to Connor and Cole. There are so many important life lessons in this story.....it shows you that life isn't always pieced together perfectly, and that's okay. It's how we deal with those curves that life throws at us that define who we are. If you are looking for a feel good read with a cute little romance this is your book. I loved it!” ~ *Amazon Reviewer*

“A funny, touching, heartwarming story of love and selfless caring. Solid characters and a moving storyline. Will read more from this author.” ~ *RW, Amazon Reviewer*

“This is a thoughtful, enjoyable book with real characters (not just overblown stereotypes). As in real life everything is not so "black and white". Over the last seven years our family has been blessed with having been foster parents for three separate young girls. This book really speaks to the heart of the matter - learning that your care and connection to each other make a family. Give this a try - this is a very good story line without being overly sweet or sentimental.” ~ *Book Crazy*

About the Book:

Rowan achieves her greatest desire when she earns the part of Juliet in the school play, but it's impossible to concentrate on her lines when her secret crush is cast as Romeo. Eddie is a fallen football hero and the subject of widespread gossip. Not only has he lost the respect of his peers, he's also earned the open animosity of Rowan's father, the high school's football

coach. Eddie isn't the only one with a tarnished past—Rowan has secrets of her own. When the truth is revealed, will Rowan replace Eddie as the most hated student in school, or will Rowan and Eddie share the stage together?

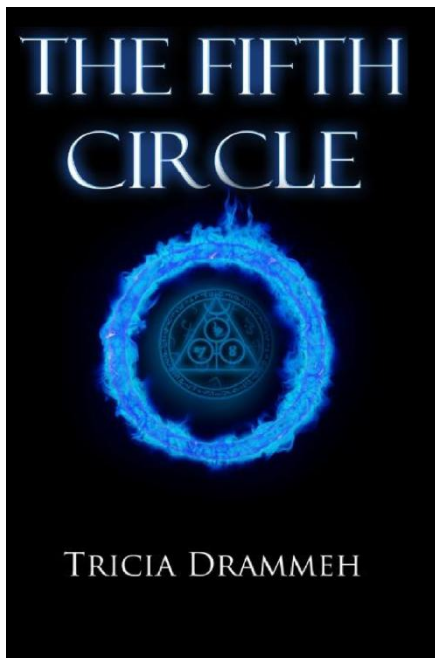

Reviews:

“Tricia Drammeh writes with raw honest about teenage troubles and feelings; an honesty which brings her characters to life and has you rooting for them. I really can't understand why this YA author does not get the kudos she deserves.” ~ *Juliet B. Madison*

“Tricia's ability to write real characters continues to astound me. Rowan, Eddie, her father, any one of these people could walk right out of the pages and drop into the world next to you and fit right in. She is so good at capturing the personalities and nuances of the people she writes about. She also captures the pettiness of high school - the good, the bad, and the in between: that time when getting a zit or dropping you notebooks in the hall was the most embarrassing thing that could happen to you - and then she gives her characters something real to deal with. They don't respond in a too mature way, like so many YA books that leave you thinking "What? no way would a 17 year old do that!" but they also aren't annoyingly immature, either. That's why Tricia remains one of my favorites.” ~ *Joleene Naylor*

Together, Sean and Alex live in a hell of their own making. One will escape at the expense of the other. Both will discover why Dante chose to condemn the Wrathful and the Sullen in the Fifth Circle of Hell.

Reviews:

“A very heartfelt tale with well drawn characters and disturbingly evocative prose, *The Fifth Circle* draws us into a dark world of violence, abuse, mental illness and online fantasy gaming. The book has a lesson in it; never judge people or underestimate their capabilities and Ms Drammeh paints the characters with a genuine empathy and understanding.” ~ *Elinor Carlisle, Amazon Reviewer*

“In *The Fifth Circle*, Tricia Drammeh has opened a window into the sad, pathetic and tragic lives of two young people who didn't deserve the way they life treated them. It is a painful story, beautifully written, and despite the grimness, I can honestly say that it was an exhilarating, captivating read.” ~ *Jane Dougherty*

“The book took hold of me from the start and held me with each page I turned. I found myself talking to the characters trying to steer them away from the path their choices were sending them on. This a deeply moving story, told with gritty realism. This book is excellent for discussion. I recommend it for the reader that wants to think, feel and examine great writing.” ~ *Alexie Aaron*
